The original Combo is 0-0-0. To set your personal combination follow these steps:

-  Put the dials at its original numbers 0-0-0
-  Press down the reset button located on the narrow side of the lock facing the zipper (hear a click)
-  Set your combination by turning the dials. Then,
-  Push the lock release button (side slide) towards the lock on the opposite side. You will hear another click and it is set.
